

Scouting with Special Needs Survey 2018

Since its founding in 1910, the Boy Scouts of America has had fully participating members with physical, mental, and emotional disabilities. Scouting gives youth with disabilities and special needs the opportunity to participate like other youth. The Boy Scouts of America encourages the inclusion of Scouts with disabilities and special needs in all of our units.

The purpose of this survey is to better understand the extent, demographics, and population of special needs in the Northeast Georgia Council. This information will help us to better serve our Scouts with special needs and provide our leaders with resources and training to better serve our youth.

Please complete the survey to the best of your ability, and return with to your Unit Commissioner or District Executive for forwarding to the NEGA Special Needs Advisory Committee.

PLEASE COMPLETE AND RETURN BY SEPTEMBER 30, 2018.

You may return to your District Executive or email to specialneeds@nega-bsa.org

UNIT # & Type: _____ DISTRICT: _____ DATE: _____
(Pack, Troop, Crew, Post or Ship)

of Scouts in Unit: _____ # of Scouts with special needs: _____
