

2020 JAMBOREE ON THE TRAIL

Saturday, May 9

On the second Saturday each May since 1998, all those in the World Scout Movement have been invited to hike together. While, due to health circumstances, no group events are planned this year, many parks and hiking trails are still open. Even if you just walk around your parking lot or yard, you'll be joining Scouts from around the world – whatever their age, wherever they might be, in whatever way they can – hiking the same day in the same direction, towards a better future through Scouting.

There is no cost to participate in this international event, but commemorative 2020 JOTT patches are available for \$4 each. Proceeds of the patch sale support the work of the Northeast Georgia Council International Committee.

Patches will be mailed to you. Please contact me to arrange payment. Thank you.
