

# REMINDERS

- Be conscience of social distancing. Masks have not been required by any store, but I will update you with any changes. Gloves and hand sanitizer are available as you see fit.
- Login to the Trails-End App under your scout and enter any show and sell credit card sales through storefront sales option at bottom of page. Sales will automatically be split between all scouts working that shift.
- To pair the square, you must have microphone, location and Bluetooth turned on and allow the app access. If for any reason the square is not working, you can always hand key credit cards on the app. It's simple!
- Keep it simple! "Would you like to make an American Heroes Donation?" or "Will you support my scouting adventure with a popcorn purchase?"
- Always be gracious and say thank you even if they aren't able to donate.
- Last shift of the day, please bring ALL money envelopes, product, and supplies to 1935 Emerald Drive.
- Parents, let the scouts do the work. BUT, the more engaged you are the better your scout's results will be!
