Why Camp Rainey Mountain?

You can't take the "Outing" out of Scouting. The outdoor program is a feature of Scouting that appeals to youth. A week at our summer camp is a lakefront/mountaintop experience. No Scout has ever forgotten their experiences from summer camp. Consider also that a unit on its own can't duplicate the program, facilities, and equipment. Our camp provides a variety of programs, air-conditioned dining hall, fully stocked trading post, showers and restrooms, and other facilities to match your unit's needs and desires.

Program – Our advancement opportunities are second to none! New Scouts can take advantage of our TNT (The New Trail) program to work on their Scout, Tenderfoot, 2nd Class, and 1st Class rank requirements. All Scouts may work on merit badges toward advancements. Advancement is a prime reason a Scout stays in Scouting...it is a measure of their success in the program. We recognize that no two units are alike. That's why units can develop a program at our camp that suits their individual needs. A summer camp wouldn't be complete without a lake, so we have the waterfront, which teaches all aquatic merit badges and sets the national standard in safety and instruction. Offering programs to Scouts and Scoutmasters alike such as Water Show Live and the Adult Leader Belly Flop competition. For older Scouts 14+, High Adventure offers climbing, and additional programs like COPE, White Water KR, and White Water Rush (both found later in the Guide and in our Program Guide).

Staff - We have Highly Motivated, Truly Dedicated, well-trained staff members available to assist your unit with our program - whether for fun or for training. We begin the selection and training process for next summer as soon as the previous summer ends. Our signature Counselor-in-Training Program, "Launch," offers a patented training experience for Scouts ages 14-15 who are joining the staff for the first time giving a two-week leadership simulation on the basics of how to be Highly Motivated, Truly Dedicated Rainey Mountain camp staffers! Interviews for this program begin in early January and you can sign up at <https://www.nega-bsa.org/campstaff>

Nationally Accredited Summer Camp- A team that represents the National Office of Scouting America assesses our camps annually. We pride ourselves on not only meeting but exceeding all standards and regulations. Strict health and safety standards are always maintained. Emergency facilities are available and trained medical personnel conduct medical screenings.

Food – Professional cooks manage our camp's food service. Three well-balanced meals are served every weekday by our enthusiastic staff. If you or your Scouts have any dietary restrictions, please fill out this form **4 weeks prior to your arrival** (<https://www.nega-bsa.org/files/23762/Special-Dietary-Needs>).

As you turn through these pages, let us show you why Camp Rainey Mountain is the camp you want to experience.

Please read this guide thoroughly, write down any questions you may have. If you have questions, please do not hesitate to contact us.

Pre-Camp Course Registration

Overview

Sign up using our Course Registration form found on our website [Merit Badge Worksheet](#). Be sure to plan ahead before entering information into Tentaroo. Discuss the various programs with your Scouts at a Unit meeting and have them decide based on what their advancement needs and interests are. Provide them with a **CRM Course Schedule**, so that they may make an informed decision. Courses fill up quickly, especially High Adventure courses, so you will want to get online to Tentaroo and register when your scheduled week.

Course Registration begins on **March 17 for Week One, March 19 for Week Two, March 24 for Week Three, March 26 for Week Four and March 31 for Weeks Five and Six.**

Units must make the first Camp Fees payment by February 6, 2026, to register youth for the MB Classes.

Some courses' space can be expanded and are usually the courses that are best suited to first year campers such as TNT.
SPACE FOR EACH COURSE IS FIRST-COME, FIRST-SERVED. REMEMBER IN ORDER TO SAVE YOUR WORK, PLEASE "CHECK OUT" AND CLICK "SUBMIT MY ORDER" OFTEN AS CLASSES WILL NOT BE SAVED UNTIL YOU DO.

Telephone and Mail Service

One thing parents always want to know is where their child is and how to reach them. We encourage parents to write their youth, but we must ask not to call, except in the case of an emergency. To discourage homesickness, we ask that you tell your youth to not call home. Typically, a homesick Scout doesn't improve if they call home. The camp phone must be reserved for those individuals on camp business.

Please address mail, UPS, or FEDEX to:

"Scout's Name"
"Troop Number", "Week Attending"
1494 Rainey Mountain Rd.
Clayton, GA 30525

Send packages at least 2 weeks in advance to assure timely arrival. Be sure to provide good return addresses. Mail and packages received after a Scout has left camp will be returned. Please remind parents not to send valuables to camp and to ship packages early for the appropriate delivery time.

THE CAMP'S PHONES ARE FOR EMERGENCY AND CAMP BUSINESS ONLY:

Camp Rainey Mountain (706) 782-3733. This phone is NOT available for use by campers. It is available in case of emergencies and is to be used ONLY by adult leaders and staff members on camp business.

Please remember that a first-year camper may get homesick, and it is well documented that if they call home, it becomes worse!

Troop guide will fill out the buddy tags and put them on the Out-Board at Waterfront 'A'. The unit leader administering the BSA Swim test must be a lifeguard and certified in Safe Swim Defense (this training is also held at summer camp). This can streamline your Sunday afternoon!

Any Scouts or Leaders that didn't do an early swim test will do so on Sunday. Upon completion of your swim test the appropriate buddy tag will be placed on the out-board by the troop guide. All Scouts and leaders will be classified according to their swimming ability on the following scale: non-swimmer, beginner, and swimmer. Please reference materials online for conducting a swim check on your own.

At our camp, it is our aim that all youth be able to enjoy our Waterfront Area. We will offer swimming lessons aimed at non-swimmers and beginners with the goal of helping the Scout pass their BSA swim test before the end of the week. See the course schedule for interested Scouts for aquatics programming.

The Unit Swim Classification form will be reviewed by the aquatics director upon arrival at camp. The aquatics staff reserves the right to re-check any Scout at camp.

Camp Rainey Mountain Spirit Troop Award Guidelines

The Spirit Troop Award is designed to encourage troop participation in camp activities and to enhance the Scout's experience. Troops that qualify for the Honor Troop Award and exemplify Scout Spirit are eligible for this award.

Campsite Inspections

On Monday, Wednesday, and Friday, our commissioners will be inspecting each troop's camp sites. The commissioners will be grading each troop on the following criteria. If the tarp of the Adirondack or the flaps to a tent are closed, the commissioners will NOT enter.

Campsite

- **Gateway Constructed** - A structure that is built using pioneering techniques and serves as the entryway into camp. Typically, it also hangs a sign that designates what troop can be found in the campsite.
- **Sleeping Quarters** - The tents/Adirondacks should be kept clean and free of any trash. Dirt and dust should be regularly swept out. Personal gear should be stored away while not in use or is left out for a clear and organized purpose.
- **Personal Gear** - Any and all personal gear within the campsite should be properly packed away when not in use. Personal items should not just be randomly sitting out across the campsite.
- **Daily Camp Gadget** - Camp gadgets are small constructed **pioneering** projects that provide some kind of purpose or convenience to the campsite. Troops will have a new gadget for every day of the week at camp (totaling 5 gadgets before Friday inspection).
- **Site Clean of Litter** - Your campsite is free of all trash on the grounds.
- **U.S Flag Posted** - The United States Flag is clearly posted and visible in the campsite. If your campsite contains a functional flagpole, it is preferred that that flagpole is utilized.
- **Troop Flags Posted** - The flag for your troop/unit flag is clearly posted and visible in the campsite.
- **Patrol Flags Posted** - At least one flag for a patrol in your unit is clearly posted and visible in the campsite. An easy way to do this is to post the flags in front of the tents/Adirondacks that the patrol is staying in.

Common Area

- **Tables Neat and Clean** - All tables assigned to your troop within the campsite should be kept clean and free of any trash. Personal gear should be stored away while not in use or is left out for a clear and organized purpose.
 - **Troop Gear Stored** - All troop gear should be properly packed and stored away if not in use or serving a clear purpose at the time of inspection.
- Area Clean of Litter** - There should be no trash around your common area (the permanent shelter). If troops are sharing a shelter, unless troops clearly mark which side is theirs, troops will share the same score.

Notice Board - ALL SHOULD BE POSTED SOMEWHERE. (Example: Pinned to a bulletin board or a pillar in the shelter)

- **Fire Chart Filled Out & Posted** - The unit information section as well as the fire prevention assignments must be filled out.
- **Troop Duty Roster Posted** - A duty roster must be clearly visible and posted. To make things easier, post this with the fire chart and the emergency procedure to make everything easier to find in a central location.
- **Emergency Procedures** - Included in your leader packet that you received during Sunday check-in.
- **Troop Weekly Schedule** - A schedule is created designating what events the troop plans to participate in throughout the week at summer camp, such as the Scout Skills competition, a troop service project, etc. A template for this schedule was included in your Sunday check-in packet.

Health & Safety

- **Hand Washing Station** - A water source is set up with soap near it for Scouts to be able to wash their hands. For example, a spigot or a water cooler with a bottle of soap next to it.
- **First Aid Kit Visible and Identifiable** - The first aid kit should be clearly labeled, visible and accessible for all.
- **Water Cooler Filled** - A water cooler that is FILLED with water.
- **Fire Pit Maintained** - The fire pit must be cleaned out. Any leftover wood from a previous fire and excess ashes should be properly disposed of.

Properly Marked Tool Yard - A clearly designated and separate area of the campsite where wood tools can be used. This area should be roped off in some way to prevent foot traffic.
