Welcome to the Northeast Georgia Council University of Scouting!
This annual event is held with one goal in mind: Training Scouting leaders to provide the best program possible for our youth. It is the mission of BSA to prepare young people to make ethical and moral choices over their lifetimes by instilling in them the values of the Scout Oath and Law. As leaders, trainers, and parents, we are on the front lines of the worldwide Scouting movement. Where we lead Scouts will depend on how well we prepare ourselves.

University of Scouting is designed to provide you with real world hands-on skills training in conjunction with BSA curriculums for Leader Specific Training, and ample opportunities to network with other leaders, and hear how the Scouting movement is changing lives.

Cub Scout Pow Wow

We started many years ago, with training for Cub Scout leaders, and over the years we have grown. We have seen classes come and go, and we've witnessed the unprecedented growth with the inclusion of females in our programs.
Today's UofS is much different in that we have included training classes for Scouts BSA leaders, including guided discussion classes for experienced leaders to learn from each other, as well as basic training for new Merit Badge Counselors, training for new merit badges, and backcountry skills classes.

Admissions

UofS is open to all registered BSA leaders, parents, Youth who are SBSA First Class Scouts and above, and Venturing Scouts. We ask that all adults (18 and over) make sure to complete your Youth Protection Training prior to registering for this event.

Council Support

This comprehensive training event would not be possible without the dedication and support of the professionals at the Northeast Georgia Council. Thank you to Trip Selman, our Scout Executive, and Phil Nichols, NEGA Program Director and our Executive Administrator for their direct guidance and support of this event. You will find many other scouters both professional and volunteer, wearing the Wreath of Service on their left sleeve at this event. Please take time to stop them and say "Thank You!"
